We had a few tense moments until Moosie relaxed. We had a brisk walk down to 480. It is a nice street for walking. Both peep'd & pooped and loved their time out. Gave treat + chewy and fresh water.

Yeah! No Rain tonight!
We walked to 480 and
back. It was a nice

Grace started out like

quickly burned out and
we had to slow down on

snuggle. Even Moose

Wed afternoon

It is beautiful and warm! The dogs were happy to get out. Grace only wanted to go about 15 houses then home. Maybe she was hungry and knew it is dinner time. Moose is great. Both had some pets before our walk. Great day. Moose ate all his food but Grace still licked his bowl clean. No ~~dishes~~ dishwasher needed.
